

EVBOX

EVBox Connect App

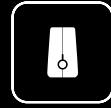

Set up your charging station with the EVBox Connect App

The EVBox Connect mobile app is designed for both users and installers of this charging station.

This app supports the configuration of EVBox charging stations and enables a number of functions, including the following:

- ✓ **Pairing your charging station to mobile phones and tablets via Bluetooth**
- ✓ **Configuring Plug & Charge (Autostart) function**
- ✓ **Connecting your charging station to your local Wi-Fi network to enable communication between your charging station and your charging management service provider**

The steps to complete the setup are explained inside the app. Need help?
Contact us at evbox.com/support.

The EVBox Connect mobile app can be downloaded from the **App Store** and **Google Play**.
